For Immediate Release

Virtual Council in the Communities Meeting set for November 9 at 7 p.m.

Gaithersburg, MD (October 28, 2020) The entire Gaithersburg community is invited to meet with City officials and staff during a Council in the Communities meeting on November 9, 2020, at 7 p.m. Representatives of key City departments will provide project updates and discuss neighborhood concerns. For everyone's safety, the meeting will be held virtually via Zoom and will also be streamed live on the City's [YouTube Channel](#). Register online at gaithersburgmd.gov/virtual.

Among the presentations will be crime prevention and Neighborhood Watch programs, code enforcement, Public Works projects and services, economic development updates, community support programs and resources, and recreational opportunities. Ample time will be left for a Question & Answer period with the Mayor and City Council Members and City staff. Note that speakers from the public will not be on camera, and advanced registration is required at gaithersburgmd.gov/virtual. To help staff better prepare for the Q&A session, please indicate topics of interest when registering.

The City is divided into eight geographic areas, and typically four meetings are held each calendar year, so each area meets once every two years. Generally meetings are held in schools or community clubhouses to discuss issues unique to that neighborhood. This year, due to the COVID-19 pandemic, the City will hold one citywide [Council in the Communities](#) meeting in a single virtual session.

For more information on the Council in the Communities meeting, please contact the Neighborhood Services Division at 301-258-6340.
